3. Haldex Brake Products AB hereby disclaims the terminal part of the term of any patent granted on Application Serial No. 10/600,732 which would extend beyond the expiration date of the full statutory term of any patent granted on U.S. Patent Application Serial No. 10/600,731 filed June 20, 2003.

4. Haldex Brake Products AB hereby agrees that any patent granted on Application Serial No. 10/600,732 shall be enforceable only for and during such period that the legal title to Patent Application Serial No. 10/600,731 shall be the same as the legal title to all patents issuing on said Application Serial No. 10/600,732, this Agreement to run with any patent granted on said Application Serial No. 10/600,732 and to be binding upon Haldex Brake Products AB, its representatives, successors, and assigns.

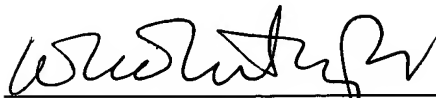

5. Haldex Brake Products AB does not disclaim any terminal part of any patent granted on said Application Serial No. 10/600,732 prior to the expiration date of the full statutory term of U.S. Patent Application Serial No. 10/600,731 in the event that U.S. Patent Application Serial No. 10/600,731 either expires for failure to pay a maintenance fee, or is held unenforceable, or is found invalid, or is statutorily disclaimed in whole or hereafter terminally disclaimed under 37 CFR § 321(a), or has all claims cancelled by a re-examination certificate, or is otherwise terminated prior to expiration of its statutory term, except for the separation of legal title stated above.

6. Enclosed is a credit card authorization of \$110.00. If there is any fee deficiency, please charge Account No. 19-4516.

7. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
